

ROOFING

PROFESSIONAL ROOFING • WINDOW & SIDING SPECIALISTS

It is very important to choose a qualified roofing contractor for the following reasons:

1. Current licences & insurance.
2. WSIB clearance.
3. Fall safety certification.
4. Written warranty.
5. Proper material application:
 - Quality drip edge at eaves.
 - Proper eaves protection and/or ice & water shield.
 - Quality flashings.
 - Proper attic ventilation & chimney flashing.
6. References available upon request.
7. Proven record of past successes.

Most roofing projects are done on an average of every 20 years, doing it correctly the first time is essential to our success.

Working closely with our manufacturers, we are current with the latest products and applications available.

Established in 1990, we have specialized in Roofing and have a long list of satisfied customers. Our staff are skilled professionals and have many years experience with projects of all sizes.
